

76  
109.

A system for transmitting data signals over a wireless communication system or an infrared system or a satellite system or for transmitting voice signals over a wireless communication system or an infrared system or a satellite system, comprising in combination:

an interface for operatively connecting to a wireless communication system;

an interface for operatively connecting to an infrared system;

an interface for operatively connecting to a satellite system;

a modem for transmitting over the wireless communication system or the infrared system or the satellite system;

voice circuitry for transmitting over the wireless communication system or the infrared system or the satellite system; and

switching circuitry for coupling either the modem or the voice circuitry to the wireless communication system interface or to the infrared system interface or to the satellite system interface.

#### REMARKS

A new Abstract of the Disclosure is submitted which is believed to better conform with the claims.

Claims 45 through 64 were cancelled in the Request for Divisional Application.

The total number of claims remaining in the case is 41 and the total number of independent claims is 22. A check in the amount of \$644.00 was enclosed to cover the filing fee for the Divisional Application and the additional independent claim added by the original Preliminary Amendment. A check in the amount of \$891.00 is enclosed to cover the 21 (41 - 24) claims in excess of those of the original Preliminary Amendment and the 18 (26 - 8) independent claims in excess of those of the original Preliminary Amendment. I authorize the Commissioner to charge any additional fees that may be required or to credit any overpayment to Deposit Account No. 20-1123.

67

It is believed that all of the claims are in condition for allowance and an early indication of allowance of claims 65 through 109 is earnestly solicited.

Respectfully submitted,

W. Thomas Timmons
